

Cầu dao khối MCCB

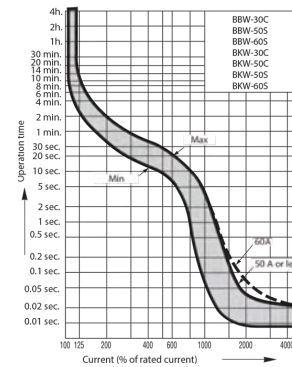

Specification

Product code : BKW-50C

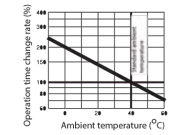

- Số cực: 2P/3P
- Kích thước khung 50AF
- Gắn thanh DIN
- Dòng điện định mức: 15A- 50A
- Điện áp định mức: 100-200V dùng chung
- Dòng rò: 15, 30 mA
- Bảo vệ chống giật
- Trọng lượng : 0.4kg loại 2P; 0.5kg loại 3P

■ Operating characteristic curves

■ Temperature compensation curve

Note: The method used to detect overcurrent is electromagnetic, so temperature compensation takes the form of an increase or decrease relative to the lead-out time and there is no change in the rated current.

Standard included accessories (frontconnecting type)

Mounting screws	small round-head screws M4 x 0.7 x 54
Insulation barrier	2 pole: 1, 3 pole: 2
